

# CONNECTOR

Name: \_\_\_\_\_ Date \_\_\_\_\_

Grade Level: \_\_\_\_\_

Title of Reading: \_\_\_\_\_

## Connector:

Your task is to find connections between the material your group is reading and your world. This means connecting the reading to your own individual lives or the larger picture of your community. You might also see connections between the material and other writings and/or reading we have covered in this or in your other classes that relate to your world. Think about this as connecting the reading to prior experiences and readings. Share these connections with your classmates.
